

Sitton Energy Solutions is offering a **Free Consultation** to Ameren Commercial or Institutional customers.

Our Two-Part Offer:

1) **Energy Benchmarking:** We will benchmark your buildings (those >20,000 square feet and served by Ameren) in ENERGY STAR and calculate your Energy Use Intensity (EUI).

This will allow you to take the 25x20 benchmarking pledge, and provide you with information to develop a Roadmap to High Performance Buildings.

2) **Roadmap to High Performance Buildings:** We will also help you create a Roadmap to a High Performance Building(s), including the next best steps with:

- Saving Money through Energy Efficiency
- High Performance Building Initiative/25x20 Campaign
- St. Louis Green Business Challenge
- ENERGY STAR Certification
- Maximizing Ameren and/or Laclede Gas Incentives
- LEED® Certification
- Set the PACE St. Louis
